(2) Only the aircraft configurations that are in the approved QAG are utilized;

(6) The FAA reserves the right to revoke this LOA at any time if the Administrator determines that this ATD has been used in a manner contrary to FAA regulation, guidance, or safety.

This approval is valid for sixty (60) calendar months from the date of this letter. Any requests for a new LOA should be made in writing to AFS-800 at least 90 days in advance of expiration. AFS-800 may require a review of the QAG, an on-site evaluation, and a verification all of the requirements as described in the current publication of AC 61-136, before a new LOA can be issued.

This approval expires on **December 31, 2020.**

The enclosed signed QAG is approved and a copy of this letter and approved materials are retained in our files.
