**Federal Aviation
Administration**

800 Independence Ave., SW.
Washington, DC 20591

MAY 29 2012

Mr. Jerome N. Gregoire
Redbird Flight Simulations, Inc.
2301 E. Elmo Rd., Suite 100
Austin, TX 78744

Dear Mr. Gregoire,

The Federal Aviation Administration (FAA) approved and authorized your **TD BASIC** device as a **Basic Aviation Training Device (BATD)** on April 7th, 2010 in accordance with Title 14 Code of Federal Regulations (14 CFR) (§) 61.4(c).

The **revised Qualification Approval Guide** identifying the **TD BASIC version 2.1** device is approved as requested. The **TD BASIC version 2.1** is authorized for use in satisfying the following sections of Title 14 of the Code of Federal Regulations parts 61 and 141:

TD BASIC version 2.1
Basic Aviation Training Device (BATD)

§ 61.51(b)(3)(iii) & (h)	-	Simulated instrument conditions; Logging training time
§ 61.57(c)(3)	-	Instrument Experience
§ 61.65(i)(3)	-	Instrument Rating: Not more than 10 hours
§ 61.109(k)(1)	-	Private Pilot Certificate: Not more than 2.5 hours in the introduction to the operation of flight instruments

§ 141.41(b) - Approved for use under the Part 141 Appendices as follows:
Appendix B - Up to 2.5 hours towards the total *Private Pilot* flight training time requirements
Appendix C - Within an FAA-approved *Instrument Rating* course for not more than 10 hours

This approval is contingent upon the following:

(1) This aviation training device must continue to maintain its performance and function without degradation;

(2) A copy of this approval letter must be readily available in a location near the device;

(3) An authorized instructor must provide and certify the above instructional use;

(4) Any changes or modifications to this device which have not been reviewed, evaluated, and approved by AFS-800 will cause FAA's approval to become null and void;

(5) The FAA reserves the right to revoke this authorization at any time if the Administrator determines that this training device is used contrary to FAA regulation or safety.

Revision Page

Revision No.	Date	Device
Version 2.1	03/13/2012	TD Basic

This revised certification will be valid for sixty (60) calendar months. Renewal requests should be made prior to the expiration [90 days in advance] by letter of request to AFS-800 and the above contingencies (1) through (5) remain valid. AFS-800 will conduct at a minimum a "desk audit" before a renewal letter of approval will be provided.

The QAG is marked approved and a copy of this letter and approved materials are retained in our files.

Sincerely,

Dennis Pratte,
Deputy Division Manager, General Aviation and Commercial Division
